

VICTORIAN NETWORK
OF SMOKEFREE HEALTHCARE SERVICES

Regional Validation - BARWON HEALTH

The Smokefree Network is pleased to invite Barwon Health staff and Network member health services to attend Barwon Health's Regional Validation Day

DATE: **Wednesday 3rd April 2019**

TIME: **9.30am – 2.30pm**

LOCATION: **HERB Building, Level 2 Training Room 4**

To determine the organisation's eligibility to participate in the [GOLD process](#) for 2019/2020, Barwon Health's smokefree initiative will be independently assessed against the Global Standards for Tobacco Free Healthcare Services.

We welcome experienced health service surveyor Anna Fletcher and support auditor Pauline Nolan (Bendigo Health) who will undertake the assessment across three days (Monday 1st April – Wednesday 3rd April).

The final day will feature presentations from many of Barwon Health's clinical teams who will share their relevant experiences and approaches in embedding smoking interventions into routine care.

This is a great opportunity for Barwon Health staff to see how the organisation has progressed in delivering safe quality care for tobacco and nicotine dependence, and for other VNSHS members to experience and learn from the international accreditation process. The program aims to be practical and interactive, and will include a walk-around of the University Hospital Geelong precinct.

The presentations will also be filmed and accessible via the VNSHS website and well as the Barwon Health One point site.

For background information, the Staff Forum presentation "[SmokeFree Implementation](#)" provides a valuable overview of our smokefree initiative. View the presentation [here](#).

Please RSVP to Lydia Thomsen at
smokefreevictoria@projecthealth.com.au

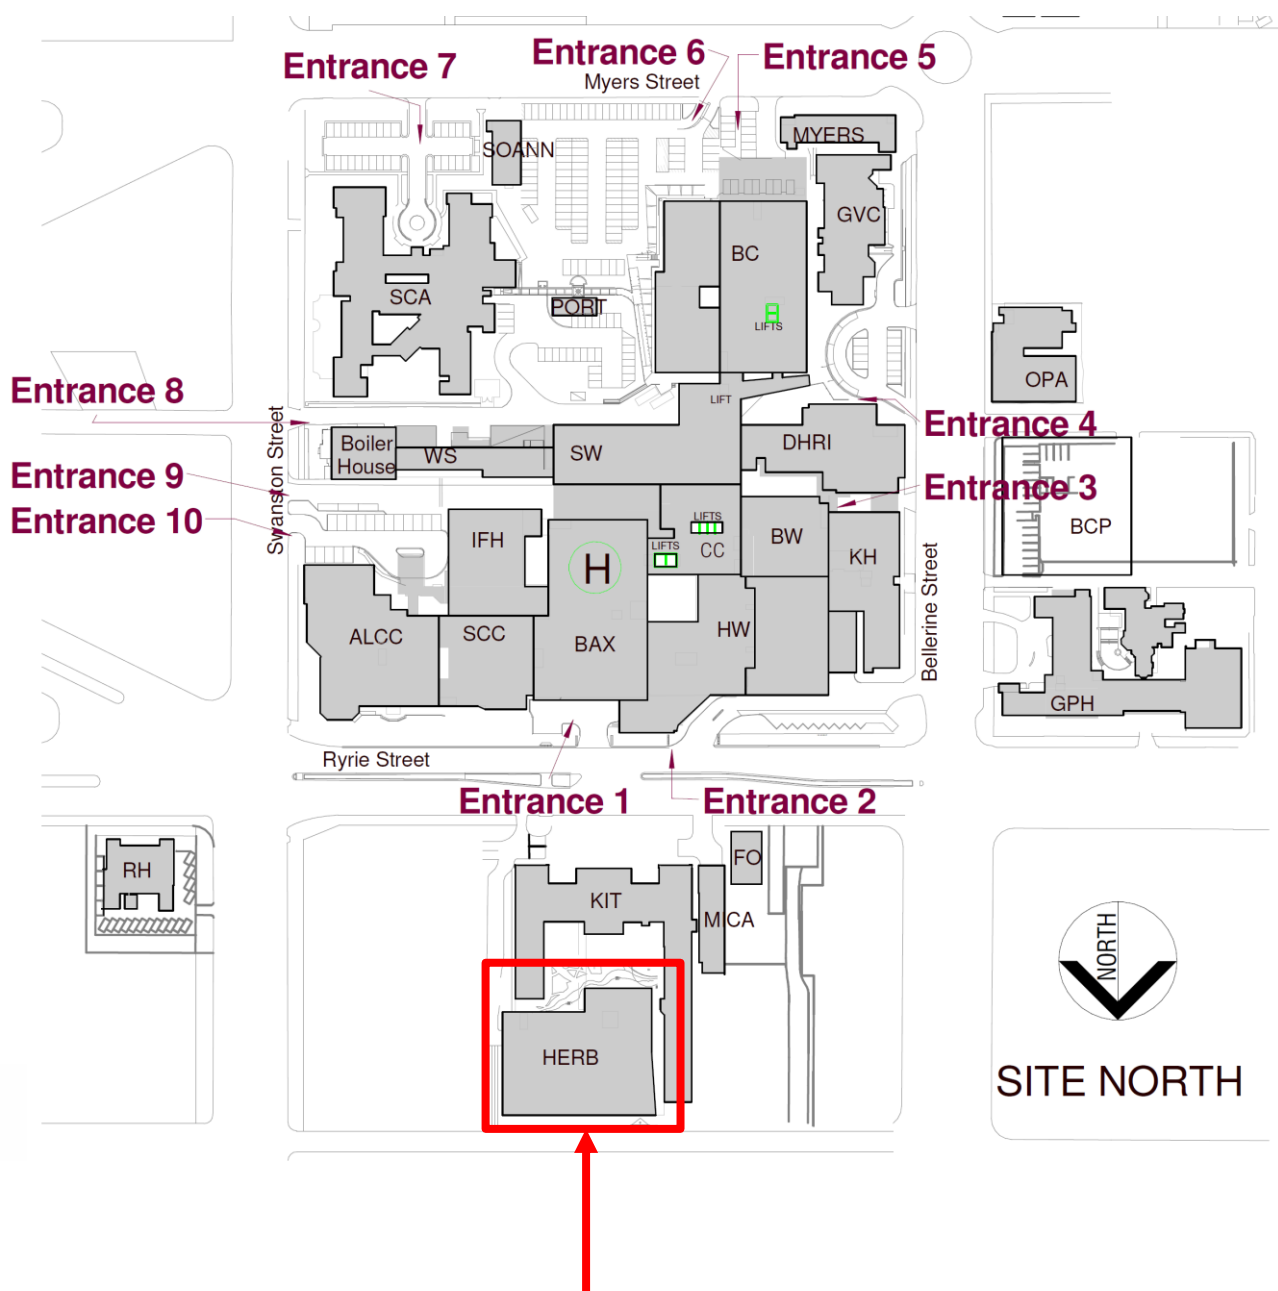

PROGRAM - Wednesday 3rd April 2018
